

*Listing of the Claims*

No claim amendments are being made. This Listing of Claims is being provided solely for the Examiner's convenience.

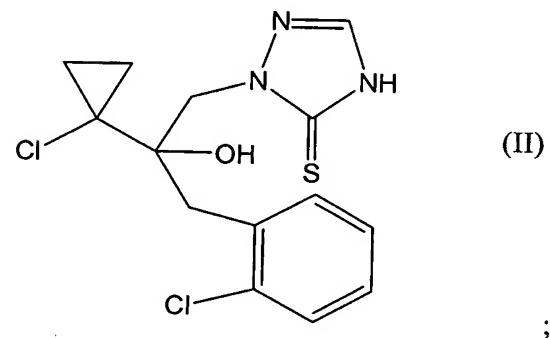

1-8. (Canceled)

9. (Previously presented) A synergistically effective active compound combination, comprising:

(1) a compound of formula (I)

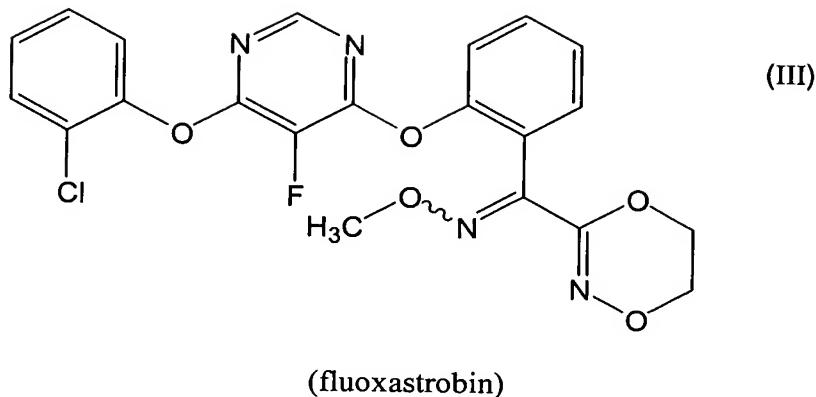

(2) a compound of formula (II)

(prothioconazole)

and

(3) a compound of formula (III)

10. (Previously presented) The active compound combination of Claim 9 in which the weight ratio of the compound of formula (I) to the compound of formula (II) is from 1:0.1 to 1:10 and the weight ratio of the compound of formula (I) to the compound of formula (III) is from 1:0.1 to 1:10.
11. (Previously presented) A method for controlling fungi comprising allowing an effective amount of an active compound combination according to claim 9 to act on the fungi or their habitat or on the plants, parts of plants, seeds, soils, areas, materials, or spaces to be kept free from the fungi.
12. (Previously presented) A method according to claim 11 comprising applying the compounds of formula (I), (II), and (III) either (i) simultaneously together or separately or (ii) in succession.
13. (Previously presented) A propagation material treated by a method according to claim 11.
14. (Previously presented) A fungicidal composition comprising an active compound combination according to claim 11 and one or more extenders, surfactants or a combination of one or more extenders and surfactants.

15. (Previously presented) A process for preparing a fungicidal composition comprising mixing an active compound combination according to claim 11 with one or more extenders, surfactants or a combination of one or more extenders and surfactants.
